BANDUSEY, O., Aug. 12, 1874. Editors of the Intelligencer: Rambling through northern Ohio and the lalands of the Lake I brought up at this city yesterday afternoon and found it all in commotion with delegations from along the line of the Wheeling and labe Etic Belleved

FROM WHEELING TO TOLEDO.

The principal occasion was the meeting of the Directors of the Company and Mr. Walter Shamly to determine the matter of losation westwardly from Lodi. Three lines had been run from that town to Milan, in this county, and the existence was involved to the county. and the excitement was lively as to which of the rival lines should be adopted by the Board. The question did not seem

the Board. The question did not seem to be,

"WILL THE HOAD HE BUILT?"

Of that no one seemed to doubt; but the all-absorbing effort was to secure to the various points the location of the line. The Wellington delegation included S. S. Warner, late Treasurer of btate; C. H. Horn & Brother, bankers; Doctor Wadsworth, Mr. Laundon and other prominent gentlemen. Norwalk had a delegation of iorty-two, including Judges Pennewell, Blickney and Stewart, and Messrs. Bostwick, Minord, Case and others of the merchants, bankers and capitalists and the very best men of Huron county. Milan had a large delegation, including J. C. Lockwood and Capt. Kelly, large owners in the shipping interest of Lake Erie; and other points were represented by

The delegations were examined seperately and their stock books and right of way closely scrutinized. This occupied the attention of the Board part of Tuesday and all of todsy, and resulted in the choice of the Wellington and Norwalk line, it having done all the Board required and proving to be the best line of the three in other respects. It was interesting to witness the anxiety with which the various delegations wavited the action of the Board siter all the testimony was closed, and the rush for the telegraph of fice when

Last night while the Board was in ses-sion at the West House a rousing meeting was held at the Court House to secure an extension of the road from Milan here an extension of the road from Milan here. This meeting was addressed by Judge Orr, of Orrville, Judge Hendry of this city, and others, and a few remarks were made by Mr. Shanly. It is a critical hour for Sandusky. Many of her best men feel that the city is doomed if the road runs direct for Toledo on the route just surveyed by the company from Milan. surveyed by the company from Milan. Sandusky is completely cut off and will be left to sit up here on the rocks in iso-lated silence and grandeur; for she is beautifully if not conveniently located. While it is to the interest of Sandusky to secure the location and terminus of the road here, it is on the other hand to the interest of Toledo to have it run direct from seven to 10 miles shorter to the coal from seven to 10 miles shorter to the coal fields than it will be via Sandusky. This is a question also in which

Col. Robinson, the Chief Engineer, reports the line from Wheeling to Toledo, as just ascertained, to be 188 miles, and the most remarkable route for easy grades and directness ever prospected from the Ohio river through the coal fields to the Lake.

I write so much about the railroad be-cause yesterday's Toledo Commercial and to day's Sandusky paper and Sandusky herself to day are all full of railroad and railroad talk.

Another meeting is called for here to-night by the citizens to consult amongst themselves what is best to be done to in-duce the Board to locate the road as far

as this point, but this is a step the board will hardly take until Sandusky has done better than she yet has and TOLEDO IS FULLY CONSULTED.

TOLEDO IS FULLY CONSULTED.

Wellington, one of the new points on the line is in Loraine county on the C. C. C. & L. Railroad, fourteen miles north-west of Lodi. It has a population of some 2,000, and is one of, it not the largest cheese shipping points in the United States. Its shipment of cheese last year alone was ten million pounds, or 500 car loads. At Clarksfield, twelve miles west, the Great Waverly Sand Group crops out, and this first-class building stone is made directly accessible to a new market. Norwalk is the Shire town of Huron county. It is a lovely little city of 6,000 population, situated on the Southern Division of the Lake Shore and Michigan Southern Railway. It has splendid Avenues, a Holly Water Works on a branch of the Huron River, and will urnish a large trade to the new road.
